

Alexa, has the mail arrived?

Alexa, what is the soup today?

Alexa, when is yoga?

Alexa, share my daily briefing.

Voice Technology for Senior Living

Bring Scale and Security

Expedite setup and streamline management utilizing one dashboard to add, remove, and manage devices and skills across your community

Become a Tech Leader

Adopt voice tech and stand out from the competition as a tech leader and provide concierge services at scale

Increase Resident Adoption

No need to say "Ask my community..." Residents can ask Alexa questions the natural way they are used to

Pair with Smart Home Tech

Pair with smart home technology providers like Caspar.ai for fall detection, health predictions, energy management and more
