

Communities using Icon have shown improvements in resident satisfaction scores by up to 20%.

In-Room TV

Easily build and schedule a custom lineup of engaging content for a dedicated in-house TV channel, where residents can go to get information and stay connected - all from the comfort of their own residence.

-  **Automatically Stream Activity Calendar**
When paired with Calendar Central, daily events and activities will smart scroll and display changes in real-time.
-  **Live-Streaming Capabilities**
Live stream community events and activities with no extra plug-ins or equipment required.
-  **Granular Permission Settings**
Manage user roles and permissions, channels, and content playlists all from one dashboard.
-  **Set It and Forget It**
Schedule content days, weeks, and/or months in advance with the ability to edit as needed.
-  **Provide Content On-Demand**
Provide residents with the option to engage with your content in the time and place they choose; like workout videos.
