

Get to Know Icon

Icon is the result of Caremerge and VoiceFriend uniting under a new brand to offer the most comprehensive engagement and communication platform.

What You Should Know

1

Where you once saw Caremerge or VoiceFriend branding you will now see Icon branding.

2

Nothing has changed in the functionality of the Caremerge engagement solutions or the VoiceFriend tools you are used to using. They simply now show Icon branding.

3

Icon remains as committed to our customers and users as Caremerge and VoiceFriend were. Should you have any further questions or would like to learn more please reach out to support@goicon.com or visit goicon.com.
